Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Applicant's Fig. 1 Prior Art, in view of Ajika et al., 5,994,732.

What is not shown in Applicant's Fig. 1 Prior Art is the memory cell Transistors and the column decoder transistors sharing a common bulk region as recited in claims 1-20.

Ajika et al., 5,994,732, discloses in Figs 1-3 the teaching of forming a plurality of memory cell transistors 11 having gates 22 connected to word lines (see lines 7-8, column 7) together with a plurality of select gate transistors/column decoder transistors 12 within each of memory erase block 26 on a common p-well (bulk) region 3 (see lines 52-58, column 6).

It would have been obvious under 35 USC 103(a) to one of ordinary skill in the art at the time of the invention was made to modified Applicant's Fig. 1 Prior Art by the teaching as taught in Figs. 1-3 of Ajika et al., 5,994,732, for the purpose of preventing well disturbance during the erase operation (see lines 7-32, column 8 of Ajika et al., 5,994,732).

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
